Jody Patrovsky packs her bag; she's off to report on Olympics

For editorial journalists, sports writers or any career person, there are goals set at the outset of their trek to success. Be they short term or lifetime precedents, goals are one way of pacing the professional person's life.

An Antioch resident, Jody Patrovsky, is on her way to reach a long-term goal while getting priceless experience during her quest. The 22-year-old has hopes of someday being a sports broadcaster doing color commentary, and also working in production.

Right now, she has the opportunity to attend the 1980 Winter Olympics in Lake Placid. She will be writing five stories, and will also have the chance to sit in on the two-day meeting with the U.S. Olympic committee before the games. These will determine where the committee stands on the boycott of the summer games in Moscow.

THERE ARE ONLY 293 media representatives accepted to cover the winter games. This includes reporters from all of the major newspapers and magazines excluding the wire services. "This is a great opportunity for me," Ms. Patrovsky said.

She will be submitting some of her work to the News as she used that as partial vehicle to get her this opportunity. The 1975 Antioch High School graduate interned for the News, and previous owner Jerry Pfarr submitted a letter recommending her for a pass. "I attended the Montreal Olympics through a program at college and wrote some stories for the News at that time. That previous experience helped me land this chance," Ms. Patrovsky said.

Ms. Patrovsky graduated from Denison University in Granville, Ohio, double majoring in physical education and speech communication. She has a degree to teach physical education, however is currently working for Public Broadcast System Channel 36 in Milwaukee.

"I DO A LITTLE of everything there, including work in production and some interviewing," she said. She also has a chance to work on the station's weekly sports program.

Ms. Patrovsky had the chance to attend 30 events during the Montreal Olympics, and

she wrote six stories, including one she wrote when she returned home. She has also covered King Richard's Renaissance Faire held each year on Russell Rd., and she has written for various sorority magazines.

Hopefully, Ms. Patrovsky will have a suc-

cessful adventure in Lake Placid and will continue on to her goal in sports broadcasting. Most avid media fans will agree that Jane Kennedy doesn't have a whole heck of a lot to do with accomplishing journalistic goals.

OLYMPIC BOUND — Jody Patrovsky of Antioch, will be attending the Lake Placid Olympics, will be reporting to News on events there. Jody currently works in production at PBS Channel 36 in Milwaukee in production, hopes to elevate to someday do tv color work for sports broadcasting.

Dollar Days begin Feb. 13

Antioch Chamber of Commerce and Industry executive secretary, Dixie Sparks, has announced that the annual Dollar Days, Feb. 13-16, should be well attended. This is a good time of year to catch the bargains, and she added that the Chamber ad in this week's News will list stores participating in the event.

Mrs. Sparks also stated that the July art fair has already drawn a response. Twelve foot spaces at the fair run for \$12, and interested people can rent a space by phoning the Chamber office at 395-3381.

Antioch High will be the scene on April 2 for the Harlem Globetrotters. They are scheduled to perform at 7:30 p.m., and there will be contests available for youngsters to enter. Tickets for this event will run \$6 for adults and \$5 for children, however they are not yet on sale.

Historical work begins

At a short Feb. 4 Antioch Village Board meeting, it was learned that International Systems Inc. will be in-charge of investigating the possibilities of obtaining a spot on the National Historical Register for the old Antioch Grade School. The school, located on Main St., is currently being used for storage by the Antioch Grade School system. The grade school will be building a new garage near the upper grade school in the future.

Also, according to Marilyn Sterbenz, village clerk, area groups are working on the restoration of the building. The possibility of grant funds for that purpose is being sought.

In other action, the board heard the proclamation that April will be declared as cancer prevention month.

The board also heard a commendation from Antioch Drugs' owner Don Mendrala thanking the Antioch Police Department for its hard work in reprimanding the writers of bad checks passed at their store.

The board also moved to allow the Limerick Lounge on Broadway to have a class A late license which will allow the bar to close at 2 a.m. weekdays and 3 a.m. weekends.

The board declared July 11 and 12 VFW poppy days in Antioch.

Scouts on parade at Lakehurst Mall

One of the most exciting activities of the winter will take place Saturday and Sunday, Feb. 9 and 10 in the Lakehurst Shopping Center, Waukegan when more than 1,300 Girl Scouts and Boy Scouts set up camp to demonstrate their skills.

A parade of more than 150 American and other flags will start the activities at 10 a.m. Saturday, and noon Sunday when the scouts parade throughout both levels of Lakehurst.

Theme for the event is scouting for the future designed to show the many learning experiences, service projects and activities of Girl Scouts and Boy Scouts.

The scouts will show their many camp skills, set up campsites, display handicraft, demonstrate health and safety habits, work in new technologies, develop community service exhibits and operated cooking devices including showing how butter is made.

There will be a first aid station and exhibits of canoes, backpacking equipment and other items. Camp registration brochures will be available at the camping corner.

Throughout the day the scouts will entertain in the center mall with dances from many countries, songs, skits and various demon-

stration of scout skills.

A guest book will be available for signing. Scout leaders will be pleased to discuss how youngsters may join the Girl or Boy Scout programs and what can be expected from them. This also would be an opportunity for adults to talk about becoming volunteer leaders as this help is needed to meet the increasing registration of young people from this area.

Dental Health

ROBERT J. PAULETTI, D.D.S.

IF TOOTH KNOCKED OUT BY INJURY

Tommy was riding his skateboard down the driveway. He lost his balance and fell to the pavement. He wiped the blood out of his mouth and found his upper front tooth in his hand. What do you do? Luckily, your dentist can deal effectively with this kind of dental emergency. But he'll need your help.

Collect the tooth and wrap it in a wet cloth, or place it in a glass of salted water. Bring the child immediately to your dentist's office. Don't waste time because the chances for a successful replantation are best if done within 30 minutes to an hour after the mishap.

Some parents rush their child to the dentist, but in

their haste forget to bring the tooth. Don't forget the tooth! And don't try to clean it yourself—even if it looks messy. What you think is dirt may actually be soft tissues that will help the healing process when the tooth is reinserted in its socket.

The younger the patient, the better the chances of success. Long-lasting results have been disappointing in replanting teeth in adults.

Along the way with ANNIE MAE

First of all, I'm really sorry about not putting in my new picture last week. Talk about getting scatter-brained. I was rambling on and on about how excited I was to get a new photo taken, and then I forget to put it in. Oh well, this week I remembered.

I've heard so many things going on around town that I just don't know what to think. What ever happened to that good old Antioch spirit that used to be so prevalent around here? Just the other day there was someone in the News office that was telling us what exactly was wrong with the News product. Well, he scared the wits out of me. All this talk about how he was speaking for the businessmen of this community and that they were going to start an underground newspaper. Now, I remember the underground railroad and people that worked for that, but I can't imagine trying to be so secretive that they'd have to hide a new paper. The person that came in was a young person so I can't see as he'd know too much about the harboring of slaves anyhow.

One of everyone's favorite bankers and wife will be soaking up the sun as you read this column. Pres and Beverly Reckers and some of their friends were fortunate enough to catch a boat to the south seas for a few days. Don't go expecting any postcards or anything because Pres mentioned that he wasn't to keen on making port.

The Jaycees threw the biggest bash last Saturday, and everyone you could imagine was there. The banquet was in honor of the recipients of the Distinguished Citizen Awards, six outstanding young leaders in the community. It was held at St. Peter's Social Center and campaigners from all over the county took advantage of meeting many residents of the Antioch community while they came to everyone's favorite community oriented group sponsored night of fun. As far as I could tell, not too many people went home feeling too bad, as the dinner was grand, the band was excellent, and it wasn't too hot.

I heard through the grapevine that the Jaycees are out for blood. Seems like they get done with one project, and they embark on another one. I can't imagine what they mean when they say that they're out for blood. Sure hope it doesn't have anything to do with that underground railroad...

The Jaycettes are reforming and are going to become actively involved in the community once again. This I know for a fact, so watch for their activities in the near future.

The state of the union is almost as heavy as the state of the village. With the Olympics coming up in Lake Placid, and the Olympic committee needing to make a decision on whether the U.S. Olympians will attend the Russian sponsored summer event. I see the News will have the inside scoop on that event as Joe Patrovsky's daughter, Jody, will be attending as a reporter, and will be checking into the office every now and then.

Speaking of winter sports, I had the opportunity to see everyone's favorite pro hockey team the other day, and I don't mean the Black Hawks. The Toronto Maple Leafs were

at the Stadium, and although they are having their ups and downs this year, (mostly downs) it was great to welcome the Canadian team into town. There was a special ceremony preceding the game, which Chicago won, honoring the Canadian Government's efforts in freeing Americans out of Iran. I have some young friends that play for the Maple Leafs, and it was great to see them again. They really have made a mark for themselves, but they don't enjoy the punch too much.

Got a note in the mail saying that the Cardiac Charities Women's Council of Lake County will hold its next meeting at the Country Squire in Grayslake at noon on Thursday, Feb. 14. Plans are being made for the sweetheart dinner and ball to be held on Saturday, April 19 at the Harbor Ridge in Antioch. This is really a great affair. This club invites anyone to attend the luncheon.

The Lakes Region Beauty Contest (formerly Miss Antioch) is revving up. Had the chance to see three of the lovelies last weekend, and looks like the judging could be tough. All the contestants are hoping to enjoy scholarships which will be awarded to winners.

On a very bright note: It's a real good thing that every now and then businessmen throw open houses. One of everyone's favorite attorneys, Ted Larsen, held a bash last Thursday. Many great people were there, and they enjoyed a light lunch. I heard afterwards that Jim Hamlin, Jim Swiatek, Dave Zickus, Art Neckerman, Dennis Johnson and Kenny Clark went to a local watering hole. Now that's probably not too unusual except somebody forgot to call home! The Antioch Police were right on the ball too, they went on patrol. Guess who didn't call home?

TESTS

The Lake County Health Department announced that Children will be able to have their hearing and vision checked at the following combined immunization/hearing and vision screening sessions, which will be held from 11:30 a.m. on Wednesday, Feb. 20, St. Peter's Church Hall, 557 Lake St.

APPOINTMENT

The U.S. Department of Agriculture announced the appointment of Thomas Pate to the position of Deputy Regional Administrator for the Food and Nutrition Service's Midwest Region, effective Feb. 4.

COOK BOOKS

In bringing its 50th Anniversary celebration to a close, St. Therese Hospital recently announced that their special anniversary cookbooks are available in the hospital's gift shop and at the information desk in the main lobby. INDIAN RESEARCH

Editor:

We are currently researching the topic of

racism in the Antioch High School.

The topic relates to the use of certain Indian titles and symbols: the mascot, the Sequoit; the publications (the newspaper — Tom Tom and the yearbook — Sequoia); the principal's Pow Wow.

Several parties that have confronted us, say that we are creating the typical "western movie" Indian.

We are looking for opinions or any information as to where we can obtain information on this subject from members of the community. People with Indian ancestry are strongly urged to contact us.

Your views are important and will be greatly appreciated. Send comments to the following address: Journalism Dept., Antioch Community High School, 1133 S. Main St., Antioch, Ill. 60002.

Myra Randall is chairman of this project and said that a good way to communicate with government officials is by writing letters.

peacetime efforts. Through this program, the auxiliary hopes to promote law and order. The auxiliary had made a contribution to the United Service Organization in Waukegan to show that service men and women have not been forgotten.

New certificate may be better bargain

Antioch Savings and Loan Association announced that the most popular and possibly the wisest investment vehicle for savers today is the new two and one-half year certificate in which the rate is tied to the yield on treasury securities maturing in two and one-half years. 1980 is an election and a recession year, which may very well cause interest rates to decline over the coming months.

By investing in the new certificate now, savers can lock in the high rates that are still available today and continue to earn that rate over a period of time when rates may be lower. Rates could be even higher a few years from now, and that's why the two and one-half year certificate appeals so strongly to investors. They are longer than the six month certificates, yet don't lock up the savers' money for years and years.

Investors have basically two options: to risk investing without insurance on the chance that the rate of return will be very high, or accepting a possibly lower yield in order to be guaranteed a specific rate of return with insurance against loss. There are two insured high rate choices at an Illinois savings and loan: the six month treasury certificate with a minimum deposit of \$10,000 and the new two and one-half year certificate with a typical balance requirement of \$500 to \$1000. Even with a \$10,000 investment, however, the new two and one-half year certificate offers the higher return today, but it may well be below the current two and one-half year certificate rate in July, when that six month certificate would mature. Furthermore, that higher six month rate is not that far above the two and one-half year certificate rate since daily compounding is allowed on the new certificates and not on the six month certificates.

HERE IS a specific example. Assume that a deposit was made for \$10,000 on Saturday, Jan. 12, 1980. The interest rate on a six-month certificate of deposit would have been 11.85 percent. On a two and one-half year certificate the rate was 10.4 percent. The six month certificate would have earned \$574.29 over the following six months. With the new certificate, you would have earned \$539.76 on that same \$10,000 over the same period. At the risk of \$34.53, you could guarantee yourself a

high 10.4 percent plus compounding on \$10,000 for the next two and one-half years and not have to worry about how much interest rates will fall in the months ahead.

The regulatory agencies are allowing savings and loans to pay a quarter of one percent more than banks on these new two and one-half year certificates in the hopes of increasing funds available for lending to homebuyers. Antioch Savings and Loan has continued its long standing policy of paying the maximum interest rates

NI-Gas increase reflects gas prices

Northern Illinois Gas customers can expect January and February bills to reflect increasing natural gas costs, according to Owen Bekkum, president, of NI-Gas.

"These increases are attributable to federal policies which for over 20 years controlled wellhead gas prices at artificially low levels. With the Natural Gas Policy Act, prices are now rising on new gas to recoup producers' increased drilling costs," Bekkum said. Bekkum also cited American Gas Association figures which showed the average per foot drilling costs for onshore wells rose about 115 percent from 1970 to 1977. New wells are frequently much deeper than older wells.

NI-Gas' supply costs which are regulated by federal agencies are currently about 26 cents per 100 cubic feet, an increase of almost eight cents over a year ago. The increase in costs is passed on to the customer by NI-Gas with no markup or additional profit after review by the Illinois Commerce Commission.

Almost 75 percent of each dollar of revenue goes to cover gas costs. Since NI-Gas' incorporation in 1954 it has requested only three rate increases to cover costs of service to residential accounts compared to 10 voluntary rate decreases. NI-Gas was granted a general rate increase averaging about 11.2 percent in 1974 and 3.7 percent in 1978.

Varsity wrestlers have co-championship chance

Antioch High School varsity wrestlers lost their first conference dual meet of the year Jan. 31 to Grant 42-15, but rebounded Feb. 2 to defeat Lake Zurich 30-11 and finish in second place with a 6-1 record. The second half of the Northwest Suburban Conference Wrestling Championship will be conducted Feb. 8 and 9 at the conference tournament hosted by Wauconda.

To determine the wrestling championship, a team receives points for its finish in the dual meet standings and an equal amount of points for its finish in the conference tournament. If Antioch were to win the conference tournament as it did in 1978, and Grant finish second, the Sequoits would be co-champions.

"We did not wrestle our best at Grant Thursday night and Grant wrestled very well," stated Varsity Coach Ted DeRousse. "I was afraid we would be down and not wrestle well at Lake Zurich, but we were loose and clobbered the third place team," he added.

The key match came when Lake Zurich moved a wrestler up a weight class to avoid senior Dave Unrein 28-

4. Dan Larsen responded to the challenge defeating Kyle Stagnito, 9-5, and the bout was on. "It was a good win for us to take into the conference tournament," stated DeRousse.

Antioch's top wrestlers and their records going into the conference championships are: 98 pounds, Tad DeRousse, 6-1, conference - 24-6-3 overall; 112 pounds, Dave Unrein, 6-1, conference - 28-4 overall; 126 pounds, Jon Gibson, 7-0 conference - 28-1-2 overall; 138 pounds, Jeff Canella, 6-1 conference - 16-8 overall; 145 pounds, George Bessette, 6-0 conference - 22-8 overall; 155 pounds, Chuck Bogaerts, 6-1 conference - 18-9 overall; 167 pounds, Bill Carney, 3-1 conference - 3-5 overall; and 185 pounds, Ted Bessette, 4-2-1 conference - 24-7-1 overall.

The tournament begins at 6:30 p.m. Friday and continues Saturday at 1 p.m. with the championships at 7:30 p.m.

AUGS posts 8-2 record

The Upper Grade School wrestling team is having another successful season. After nine dual meets the team is 8-2, being beaten only by an outstanding, state champion caliber Oak Forest Park District, and narrowly by Barrington 38-36.

The Upper Grade wrestlers will meet North Chicago at home on Thursday, Feb. 7.

The Upper Grade has several fine wrestlers, and are being led by an outstanding 145 pound, Andy Lehn, and 112 pound, Steve Case. Lehn is presently 19-0, with 18 pins, and Case is 23-3. Both boys and the team have met top competition from across the state.

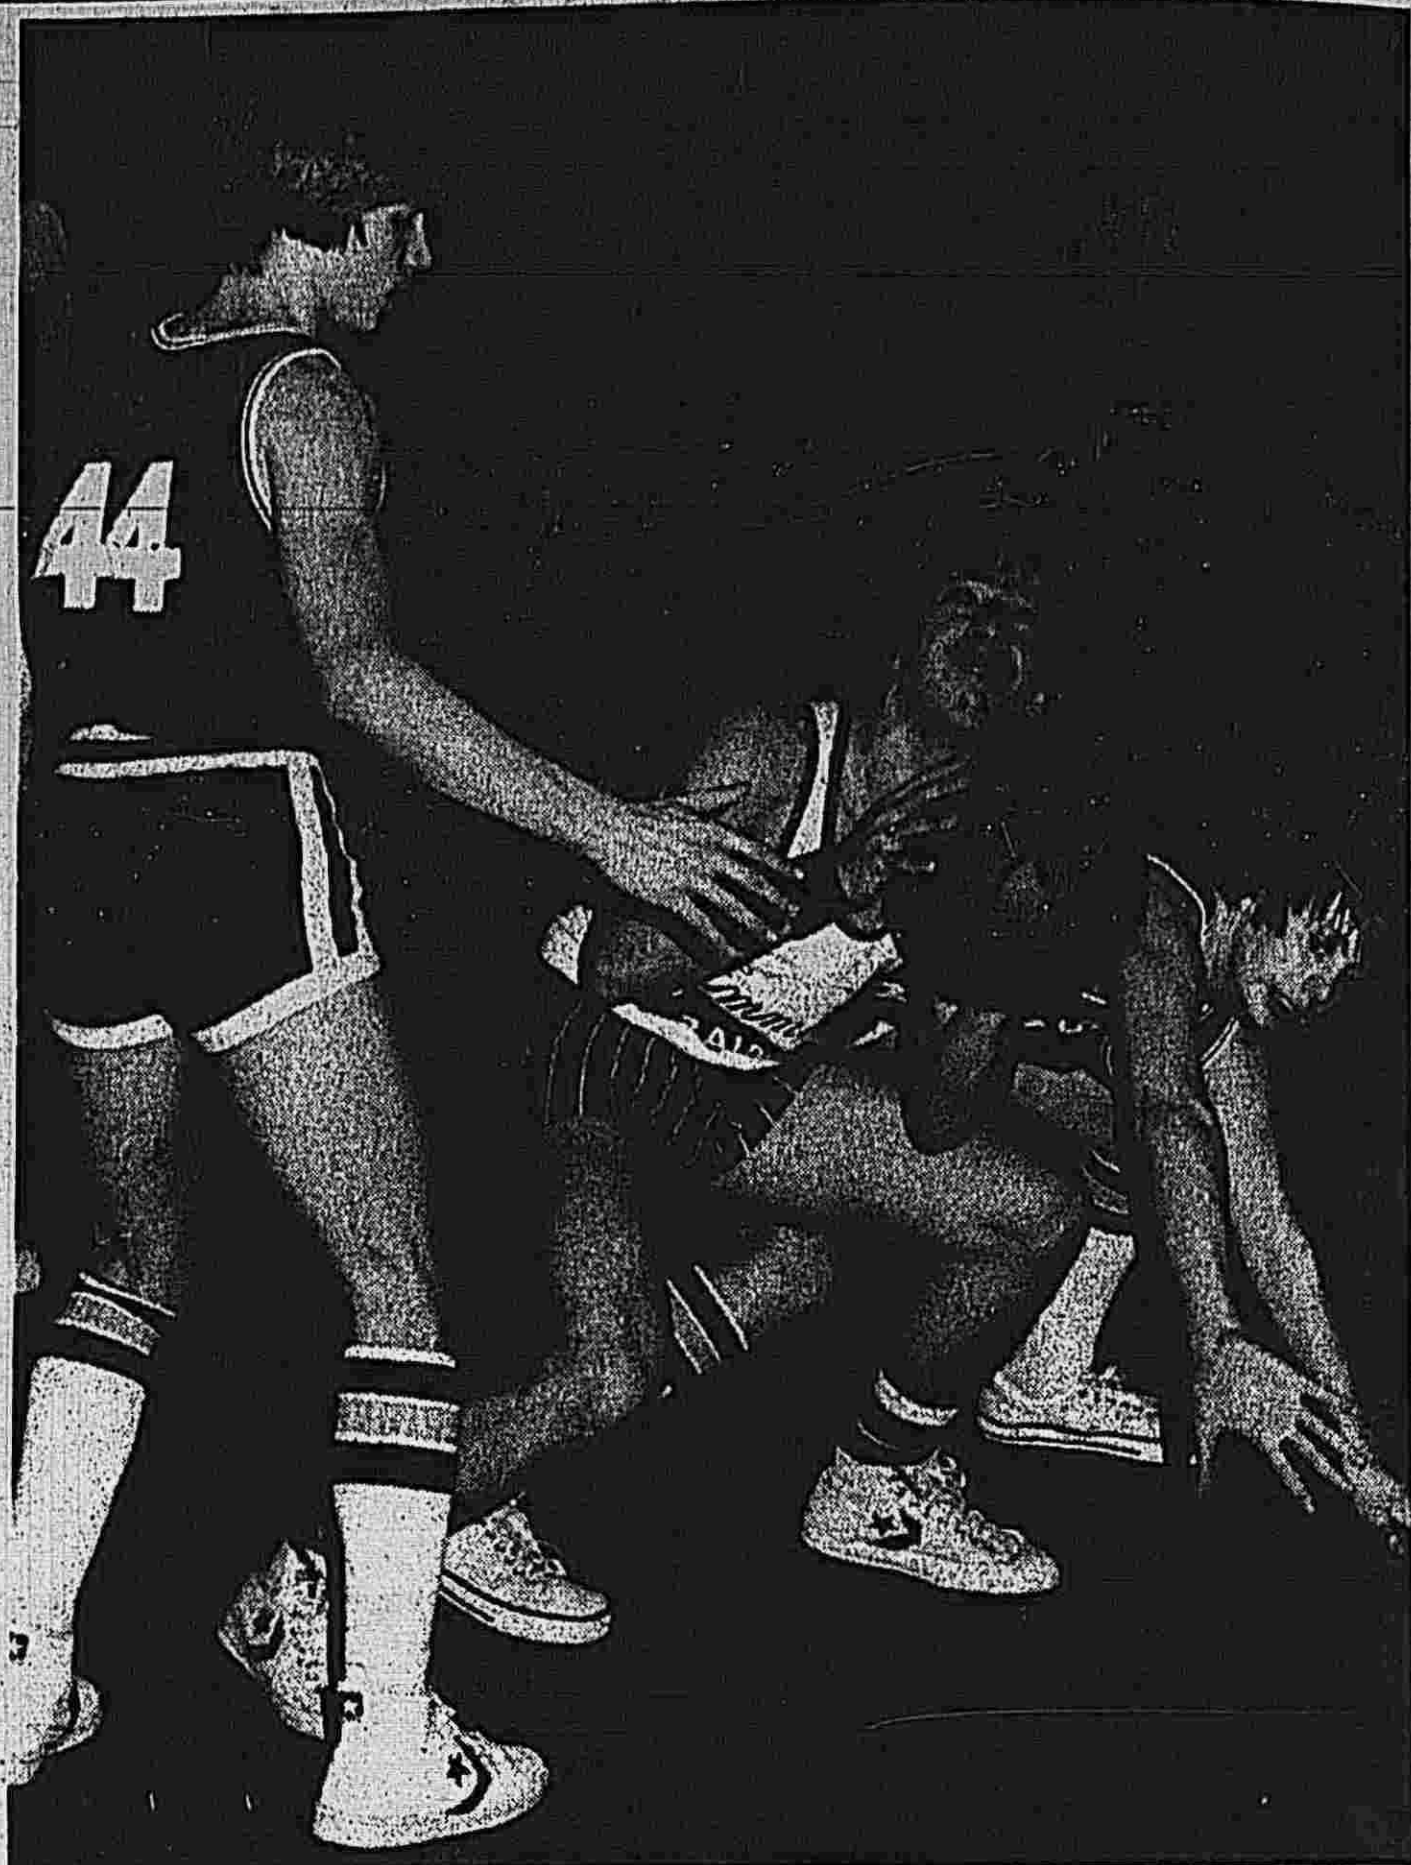

The team has seven dual meets left, and a home quadrangular, before competing in the state tourney. The team placed fifth in state last year.

Both Andy Lehn and Steve Case qualified for that tourney, Lehn placing second in state at 135 pounds.

JV's wrestle one win one loss

The Antioch High wrestling JV's won one and lost one over the Feb. 1 weekend.

The JV's wrestled a close dual with the Bulldogs of Grant last Thursday, Jan. 31, but ended up losing 25-31 on the JV1 level and lost 18-38 on the JV2 level.

Winners for Antioch from both levels were: Rob Schwabe, 105 pounds, won 7-3; Pete Kessler majored his opponent 12-1, at 126 pounds; Bob Finn, 138 pounds pinned his opponent in 4:58; Mitch Lasco did the same at 145 pounds pinning his man in 1:45; Phil Kaht at 105 pounds, pinned his Grant opponent in 1:08; Phil Bielawski, 138 pounds won 13-6; Kris Vogt, 145 pounds won 6-5; Cameron Adkins, 155 pounds pinned his Grant man in 1:39.

The JV's traveled to Lake Zurich on Saturday, Feb. 2, where they made up for their loss by beating the Bears 54-12. There were many outstanding matches in the meet with Antioch winning 10 of 12 matches.

Frosh beat Grayslake

Antioch High School's freshmen basketball team raised its record to 12-3 with a 55-41 win over Grayslake Jan. 28. The young Sequoits are now 9-0 in conference play.

Chris Becker and Tom Anderson were almost the whole offensive show, according to coach Norm Hahn, for Antioch as they combined for 42 points and 21 rebounds. Derek Olsen handed out six assists, and Brad Herbst added seven points and three assists.

The two losses were by a forfeit and a default. Rob Schwabe got the momentum going by winning with a pin in the second period in three minutes and 35 seconds.

Continuing the drive, Jim Harnisch at 112 pounds, wrestled a solid six minutes to superior his opponent 21-3. With a forfeit to John Wohlfeil at 119 pounds, the Sequoits were ahead of the Bears 23-0 after one-third of the meet.

At 126 pounds Pete Kessler aggressively attacked his opponent and pursued him to a pin in two minutes, 54 seconds.

At 155 pounds, Mike Mercer put on another fine display of hustle and majored his opponent 12-2. Jim Domkowski drew a forfeit at 167 pounds. Butch Kirkgaard worked hard for six minutes to beat his opponent 11-5. Kris Vogt, 145 pounds, escaped, took down his opponent in the second period, and then went on to pin his opponent in five minutes, 20 seconds.

A special note goes out to three outstanding senior wrestlers who have completed their wrestling careers at ACHS. Mitch Lasco at 145 pounds and Phil Bielawski both wrestled for four years for Antioch, and both were an inspiration and encouragement to wrestlers and coaches alike.

Also to Bob Finn who wrestled two years for Antioch and improved greatly during that time.

Sequoit frosh still unbeaten

Antioch's freshmen basketball team raised its conference record to 10-0 with an easy 48-24 win over the host Round Lake Panthers Feb. 2. Overall the frosh are 13-3.

Sectional pairings given

The Illinois High School Assn. has announced sectional assignments for the upcoming girls class AA basketball tournament.

The regional winners of Mundelein and Waukegan West will meet in the first game at North Chicago on Monday, March 17, with the Buffalo Grove and Antioch champions facing off on Tuesday, March 18.

The winners from Freeport and Harlem, along with the champions from Crystal Lake South and Jacobs meet in the Rockford Boylan Sectional.

All sectional championships are scheduled for Thursday, March 20.

Round Lake hosts the super-sectional on Monday, March 24 between the North Chicago and Rockford Boylan winners.

Balanced scoring was the story for the Sequoits. Tom Anderson lead all scorers with 13 points and Brad Herbst and Derek Olson added 10 points each.

Kevin Kovoch did an excellent job filling in for a sick Chris Becker. Kovoch was the leading rebounder with nine and constantly broke up the Panther offense with his hustling defense. Tim Hartokolis was also outstanding on defense and grabbed eight rebounds.

The B team played its best game of the year and won 53-

38. The B bombers jumped out to a 36-12 lead at halftime and coasted home. Dave Schumaker led the scoring with 16 points. Mike Koss added 10 points and Steve Haase and Jerry Haling each chipped in six.

Gear up for fishing derby Sequoits take two wins

Hook some fun 'n snag some prizes! That's what's in store at the 1980 Annual Ice Fishing Derby and Winter Festival on Saturday, Feb. 9 and Sunday, Feb. 10.

Sponsored jointly by the Northern Illinois Conservation Club and 885 Civic Club of Antioch, the derby will kick off this weekend on the ice at the south end of Channel Lake on Rte. 173.

The event, which traditionally draws thousands, for the largest and richest gathering of fishermen and prizes in the Midwest, will run from 9 a.m. to 4 p.m. both Saturday and Sunday.

The winterfest provides several thousand persons with the opportunity to win prizes for outstanding catches as well as awards for games and races for youngsters and adults.

The 1980 Grand Prize is a \$1,000 and \$500 savings bond. These tremendous prizes are followed by a Jiffy power ice auger, his and her down vests, Knopco portable heater, \$100 gift certificate,

Garcia Ambassador rod and reel set, Refrigiwear coverall and down vest, Lews speed stick and speed reel, Schwinn 10 speed bike, Hitachi AC/DC tv, Bulova digital watch, Savage model 24, 22-410, Charmglow gas grill model 930, Eureka ice fishing tent, Mighty-Mac down coat, and Cilva skyline cross country ski package.

These prizes will be awarded Sunday afternoon. Also, lots of smaller prizes donated to the derby will be awarded in fishing and other athletic competition.

The different categories of fish in the contest include perch, sunfish, walleye pike, catfish, bass, crappies, bluegills, stripers and northern pike.

Hourly prizes will be given not only to fishermen, but there will also be awards for winners in game competition including three-legged races, sack races, egg throwing and ice augering.

An extra special event has been planned for the First Annual Winter Softball Tour-

namment. It could prove to be quite competitive and enjoyable.

Since Mother Nature has given her blessing the last couple weeks, the extreme cold weather insures there will be a solid ice base, no open spots in the derby area and the contestants in the various ice drilling events scheduled will face a test of their skill!

As always, hot food and refreshments will be available at club headquarters and ample free parking may be utilized at many locations adjacent to the lake, including Mr. D's Playmore Resort. Convenience facilities will also be readily at hand, arranged for by the clubs.

Both the 885 Club and the Northern Illinois Conservation Club ask that residents come out on the ice on Derby Days for an enjoyable experience that won't be forgotten.

For more information contact Mike Good, 395-8333.

With the regular basketball season about to turn into tournament play, the Antioch High School Varsity Sequoits are working to come out on the top end of the win loss record.

With only four games remaining, the Sequoits upped their overall record to 9-10 by pulling out two wins over the Feb. 1 weekend.

The Sequoits finally seemed to gain control of their game by playing a tight inside game and limiting turnovers. "We didn't get sloppy," coach Roger Andrews said. "We played mature ball and were in charge of the game," Andrews said of the Friday night contest with Round Lake.

The Northwest Suburban Conference game dropped the Panthers to 3-7 in the league with a 82-49 final score.

"Size was an important factor in the game, but the boys played a very complete game," Andrews commented.

The Sequoits led throughout the game starting with a 24-9 lead at the end of the first quarter. The Sequoits had only 13 turnovers throughout the game, most coming in the final quarter.

All players had the chance to come off the bench, but Ron Nauman had an outstanding game with 22 points. He also led in rebounding grabbing 12. Pete Weber was the only other player in double figures scoring 10 points. "It's good to see the guards adding a few more points to the score," Andrews said.

Antioch shot a healthy 60 percent from the field while sinking 16 of 21 from the free throw line.

"I think the guys were a little down after last weekend's losses. They really came out and played well," Andrews added.

The Saturday night game found Nauman again scoring high with 30 points. "The team really worked together

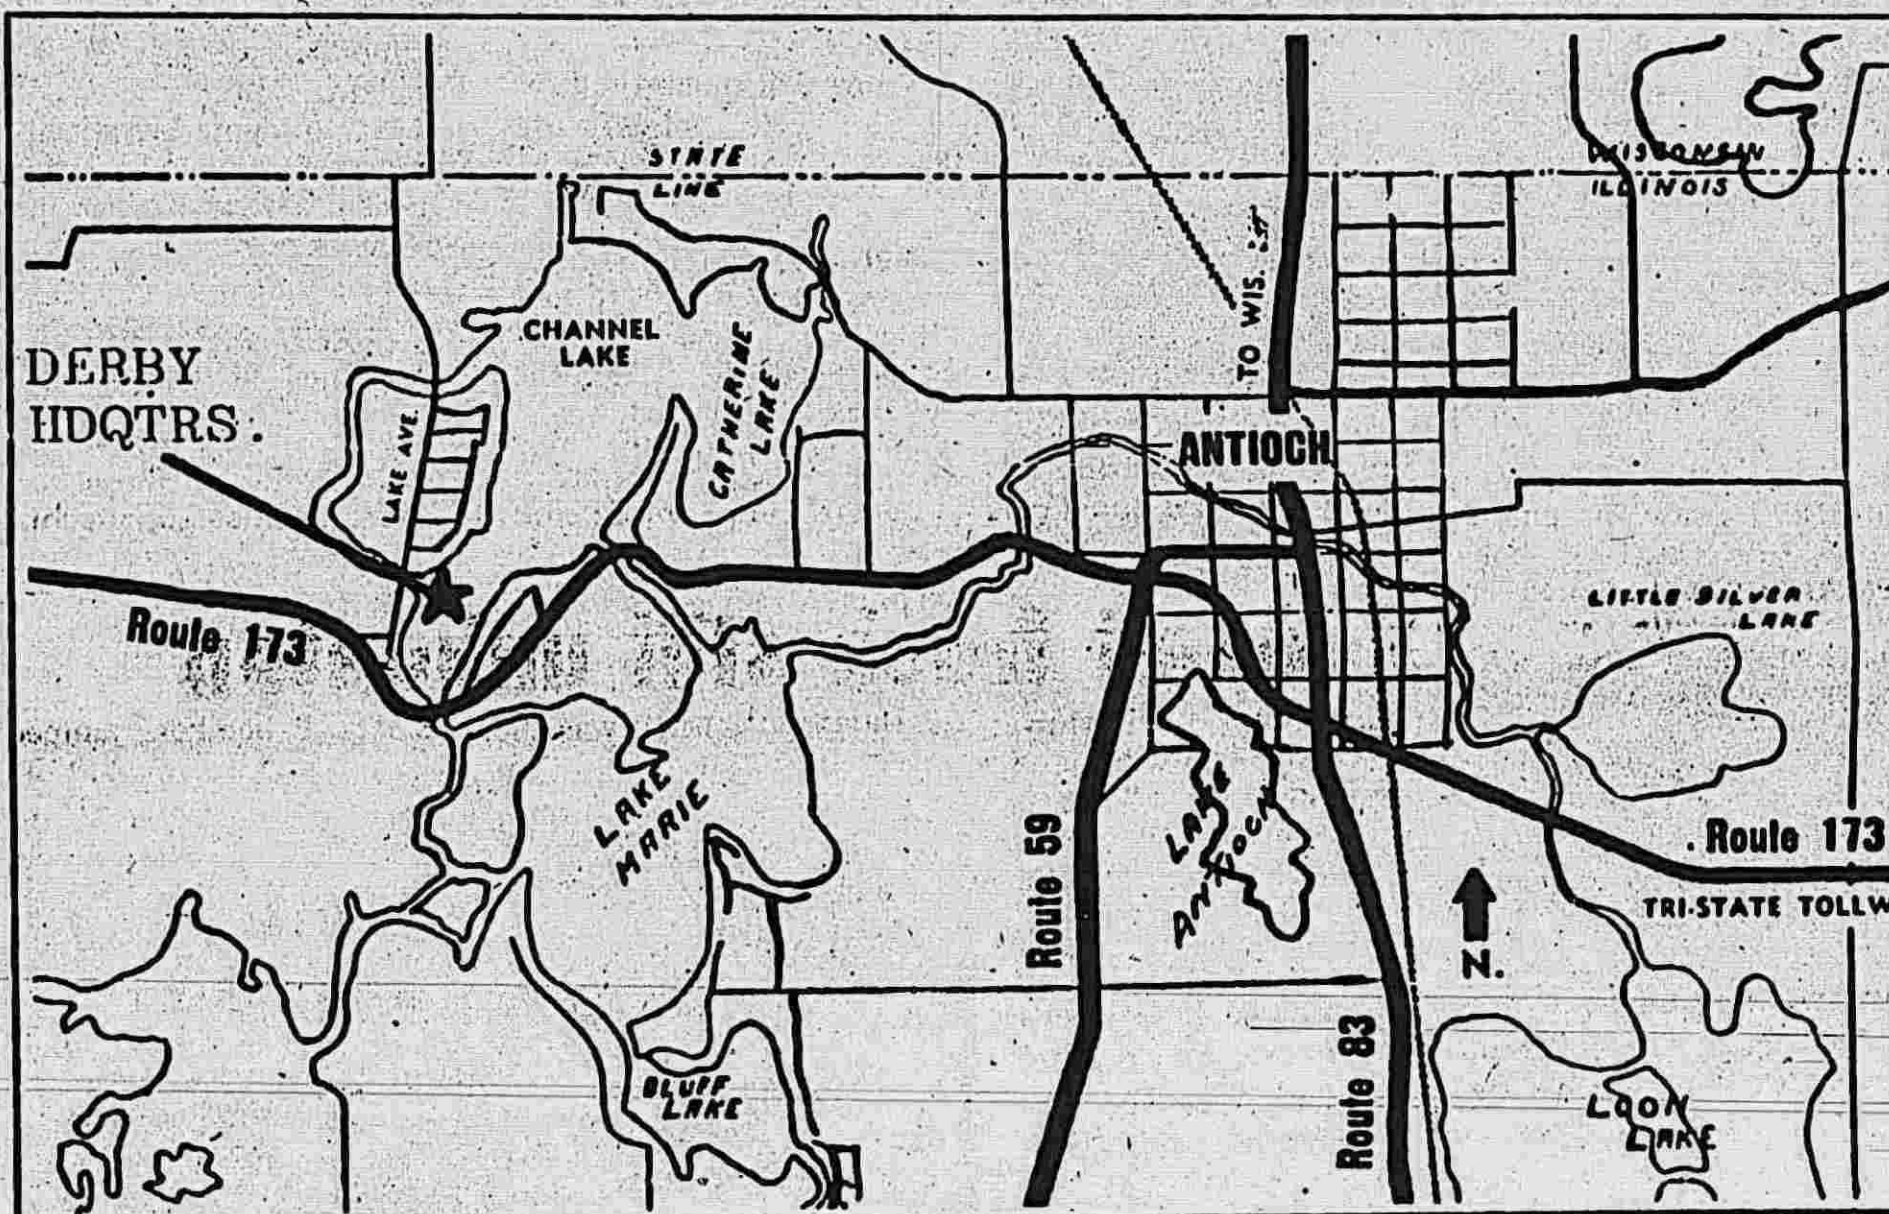

by setting up some beautiful plays," Andrews said. Mark Maras, Jim Selak, who had 12 points, Pete Weber and Mike Anderson were assist leaders in the non-conference game against Woodstock.

According to Andrews, the 63-52 win was a little slow in coming. The Sequoits were down 13-10 at the end of the first quarter but were hitting some of the perimeter and deep corner shots bringing the game back in their favor.

The inside and defense areas were both in good shape as Woodstock's key center Charlie Lundstrom fouled out early in the contest.

"Things look promising for a good finish this year. The team seems to be playing good sound basketball," Andrews said.

The Sequoits get a breather next weekend with only one conference game, facing Wauconda on Feb. 8 at home. Friday night will be parents night.

PM&L cast ready for mature production

PM&L opens another show, "The House of Blue Leaves," at 8:30 p.m. this Saturday, Feb. 9 at the PM&L Theatre. Following dates are Feb. 15, 16, 22, and 23. This is the third show of season 19.

This farce written by John Guare and directed by Ken Smouse has been a challenge to the cast as it runs the gamut of emotions from comedy to tragedy, from

love to hate, and from laughter to tears. PM&L feels that it is a play for a mature audience — not young children.

The cast has many familiar faces and some newcomers. Tom Hausman from Antioch plays Artie Shaughnessy. He has been in and directed many PM&L plays, is drama director at Wilmot High School, and has appeared at Andre's and

with other theatre groups in the area.

Mickey Mandel from Fox Lake had a small role in "I Remember Mama" last season and now appears in a leading role as Bananas Shaughnessy. Pam Quint from Antioch returns to the PM&L stage after a short absence as Bunny Flingus, Artie's so-called mistress.

Carole Mullowney from Fox Lake also had a bit part

in "I Remember Mama", was assistant to the director of "Black Comedy," and now has a much bigger role as the gorgeous movie star, Corinns Stroller. Al Kessie from Richmond had his first role last year as the butler in "Something's Afoot" and now returns as the movie producer, Billy Einhorn.

The three wacky nuns are all from Antioch — Aileen Biel of "Arsenic and Old

Lace"; Roz Scheske, of "No, No, Nanette!"; and Nancy Balmes, of "See How They Run," "Play It Again Sam."

Dennis Monzel from Wilmot is a newcomer to PM&L and was a former student of Tom Hausman at Wilmot High. He now is in the Navy and is playing the role of Ronnie.

Steve Albright from Antioch, the M.P., appeared many years ago in "The Frog Prince", Todd Seisser from Lake Villa, the Man in White, has worked tech for many years and occasionally finds himself on stage. He is also stage manager of this show.

Call 395-3055 for reservations.

PRAYER — From left, Rosline Scheske, Aileen Biel and Nancy Balmes all members of PM&L's upcoming production, "House of Blue Leaves" to open at the Antioch theater Feb. 9. Play is different from others this

production group has presented and is for mature viewers. Farce written by John Guare and will be directed by Ken Smouse. — Photo by Ross Zanzuchi.

vice's TeleNet system — a statewide network of amplified telephones. Students will be able to ask the instructor questions in the same manner they would if the instructor were in the same room.

Heart Assn. designates February heart month

In keeping with tradition, February has been designated National Heart Month, and the Heart Association of Lake County has announced plans for the local campaign.

Charles E. Heyward, vice president of Cherry Electric Products, Waukegan, has been named 1980 heart fund chairman for Lake County. Heyward, who has a long record of service with county civic organizations, serves as a member of the board of directors of the Heart Association of Lake County.

"This year's theme for heart month is partners in prevention, and that really tells a lot about heart's programs," Heyward said. "Premature death and disability from heart and blood vessel diseases continues to be both a national and a local problem, and we're at work trying to solve

it through the varied programs of the Heart Association," he added.

Heyward cites the ongoing community programs, professional education and research as the primary tools used by Heart. The fact that there has already been a significant drop in cardiovascular disease is indicative of the success of these programs, but he cautioned, "We mustn't rest on these improved statistics." Heart-related diseases are still the number one health problem, and we've a lot of work ahead of us."

The goal for this year in Lake County is \$150,000, up from \$125,000 in 1979. Last year, more than \$126,000 was raised in Lake County, still short of actual expended funds.

"In addition to the customary solicitation of in-

dividual gifts to benefit the heart fund, we will be calling on Lake County business leaders to garner support," said Heyward. "Teams of businessmen and local physicians will be calling on businesses to explain our varied programs and services."

Heyward explained that the Heart Association is comprised of an alliance between lay and medical volunteers to further the goals of Heart. Such programs as stroke prevention and emergency medical care are just two of these cooperative efforts.

"Every day, somewhere in Lake County, Heart volunteers are holding blood pressure screenings and cardiopulmonary resuscitation classes," Heyward noted.

PRODUCTION — PM&L theatre in Antioch will present play "House of Blue Leaves" at 8:30 p.m. Saturday, Feb. 9, opening night. Play will run Feb. 15, 16, 22 and 23. Suggested for adult viewing as material is mature. Pictured are Tom Hausman, of Antioch playing Artie Shaughnessy, and Dennis Monzel, of Wilmot cast as Ronnie.

INSURANCE INFORMATION

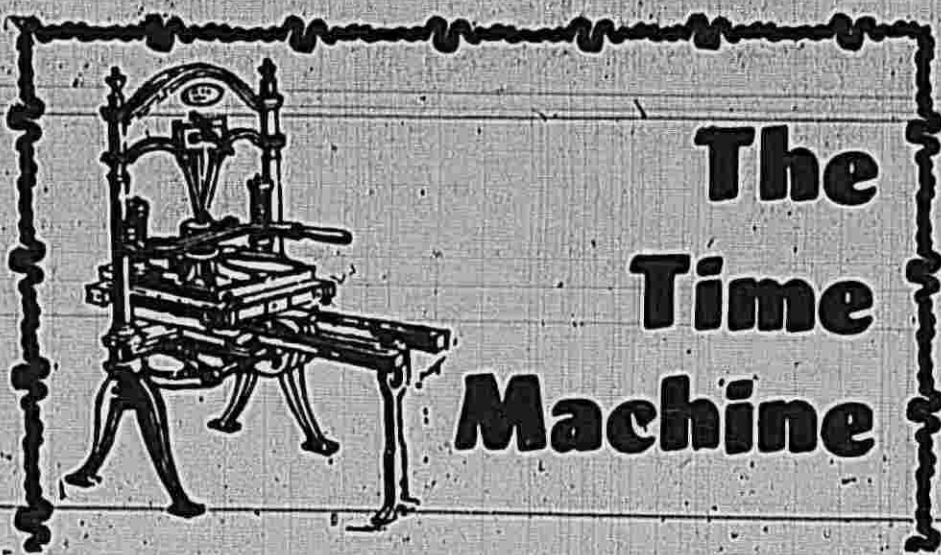

We have just bought a large watchdog. Is there any type of insurance to cover damage the dog might cause?

Yes. This is a good question since you are legally responsible for the actions of your dog. Depending upon your present insurance coverage, damage would be covered under either a basic Homeowner's policy or a Comprehensive Personal Liability Policy. The medical payment coverage under either policy would pay for damages if the dog bit anyone. This coverage generally covers all reasonable expenses such as medical services, surgery and x-ray. With most policies, there is a basic limit to the medical payment per person. If you feel you need it, this limit may be increased with an additional premium charge.

50 YEARS AGO: JANUARY 30, 1930

C. Balanza received severe gashes and bruises about the face and M. Kalatta had several of his teeth knocked out when the Ford sedan in which they were riding crashed headon into Miss Anna Filson's machine which was standing on Main St. in front of the William Morley house. Miss Filson backed out onto the road from the Laursen yard, the car skidded in such a way that it landed on the west side of the street and faced north. No sooner had she applied the brakes than she saw a Ford sedan approaching her at a high rate of speed. She realized it was useless for her to attempt to move her car, but believed there was plenty of room for the car to pass. When the crash occurred, the Ford was turned completely over and the occupants were unable to get out until the car was righted. Balanza's head was sticking through the non-shatterable windshield. Miss Filson was unhurt and her little brother jumped from the car when he saw the accident was unavoidable.

The Antioch Hotel and Theatre Company is now incorporated and shares of stock are being sold. Everything is now in readiness and building will begin as soon as the weather moderates.

Did you see the pretty picture that the Maiden of Winter painted in Antioch Sunday night? The silver night was but a coquette tossing her sparkling ringlets about to stir the heart. The scene may not have been solemnly dazzling or superbly bizarre, but nowhere could one have gotten more beauty or simple satisfaction than watching the Maiden of Winter play the coquette in Antioch Sunday night.

Dr. G.W. Jensen talked to the eighth grade students last Friday on "Scholarship," prompted by a desire to better inform Antioch Grade School pupils as to what qualifications they must have in order to be eligible for the American Legion medals which are given every year to the best all-round eighth grade boy and girl.

Are you going to complain about your 1929 taxes? Just think 45 years ago, a man who had 40 acres of land only had to pay \$4.97 taxes. Of that amount 98 cents was state tax, \$1.06, county tax, 18 cents, town tax, 23 cents, road and bridge tax and \$2.03 district school tax.

30 YEARS AGO: FEBRUARY 2, 1950

Campfire girls of Lake Villa are raising money through the collection of old newspapers to pay for an old school bus they purchased some time ago to make summer tours with.

Mayor James McMillen enlisted the aid of sheriff's deputies the fore part of this week in corralling three boys who borrowed his team for a gallop across an ice coated stubble field on his Antioch farm. McMillen feared the horses would slip and fall. The boys were rounded up, lectured and turned over to their parents for discipline.

Miss Betty Jean McDougall was selected by members of the senior class and faculty of the Antioch High School to receive the Daughters of the American Revolution award. The other three eligibles are Marilyn Bushing, Mary Ann Quilty, and Mary Ellen Campbell.

The Antioch fire department members with the aid of a few friends are improving the lower floor of the fire station through a new tile ceiling and the painting of the walls.

10 YEARS AGO: FEBRUARY 5, 1970

Gander Mountain, Inc., of Wilmot, Wis., celebrated its tenth anniversary last week with over 100 guests at the Lake Geneva Playboy Club.

This year the Lake County 4-H Junior Leaders Organization is sponsoring a 4-H King and Queen. Candidates for queen are Linda Filmore, Alison Hevredes, Mary Kay Nachowicz, Eileen Regner and Julie Russell. Beef referendum possibility for cattle producers

Lake County cattle producers will have an opportunity to vote Feb. 19-22 on a proposed nationwide beef research and information program, according to Bob Schmerbach, Lake County Extension adviser.

Called the Beef referendum, the voting is a cattle industry effort to win approval of a uniform collection plan for beef research, consumer information, promotion and foreign market development. The beef research and information program will be established if a majority of cattlemen vote yes in the referendum.

Schmerbach says the four-day voting period in

February will follow a registration period of Jan. 28-Feb. 6. Both the registration and voting will take place at the Lake County Agricultural Stabilization and Conservation Service (ASCS) office. Absentee registration and voting will be permitted. Cattlemen interested in the absentee procedures should contact the ASCS office.

The referendum rules provide for one vote for each separate cattle business entity — be it an individual, a family business, a partnership or a corporation.

For the referendum to be valid, 50 percent of those voting must favor the program.
